

## The Kingfisher

- \* There is only one species of kingfisher in the UK
- \* Kingfishers eat fish and aquatic insects
- \* The beak of a Kingfisher is so aerodynamic, it was mimicked when designing the Japanese Bullet Train
- \* Kingfishers can be seen in the lake behind the café, but don't blink or you'll miss them!
- \* If you are lucky enough to see a Kingfisher then please complete the quick survey at [sos.surveys@somersetbirding.org.uk](mailto:sos.surveys@somersetbirding.org.uk)
